Erize, Esteban. Diccionario Comentado Mapuche- Español: Araucano, Pehuenche, Pampa, Picunche, Ranquiche, Huilliche. Buenos Aires: Cuadernos del Sur, 1960.

Pp. 550; critical bibliography.

Harvard College: 1272.158F.

[The author's intention is to bring together from various sources all that is known of the Mapuche language. He considers that, for proper understanding, the words should be considered in their fullest social context. Not only is the Spanish equivalent of each Mapuche word given, but also references to past literary works in which the word has occurred, together with its meaning and known connotations in the society. There are some brief notes on the most important writers about the Mapuche, and an extensive bibliography, with an appraisal of the contents of each major work. This is the best Araucanian dictionary available and should be processed if funds become available for translating it.]

Faron, Louis C. Matrilateral Marriage among the Mapuche (Araucanians) of Central Chile. Sociologus, Neue Folge, Vol. 12, No. 1, pp. 54-66. Berlin: Duncker & Humblot, 1962.

Yale: Nm10 So19 12-14.

[This article has not been processed because it duplicates part of the author's Mapuche Social Structure (11: Faron, this file).]
